TIME OF HISTORY

SINCE 1979

A cornerstone of the rich history of Rua de Santo António since 1979, Chelsea was founded by Mr. Manuel José Martins and Mrs. Maria Violante Martins. These two Faro natives met in Australia, where they married and had two children, Brigitte Martins and Steven Martins. After that chapter of their lives in Australia, they decided to bring a piece of their love and their roots back to Portugal, opening what would become a landmark in the local gastronomy scene.

From the very beginning, Chelsea enchanted its customers with a diverse offering that blended pastry, dining, and coffee shop services—a true 360-degree experience that reflected the modernity of that era in Portugal.

In 1993, life brought unexpected challenges with the passing of Mr. Manuel. During that difficult period, Steven Martins, at just 23 years old, and his mother, Mrs. Violante, took over the management of the company. They were supported by his sister Brigitte, who, despite being in Lisbon for her studies and career in radio and television, remained ever-present. The legacy of Father Manuel lived on and, with great determination, the family began to shape a new vision for Chelsea.

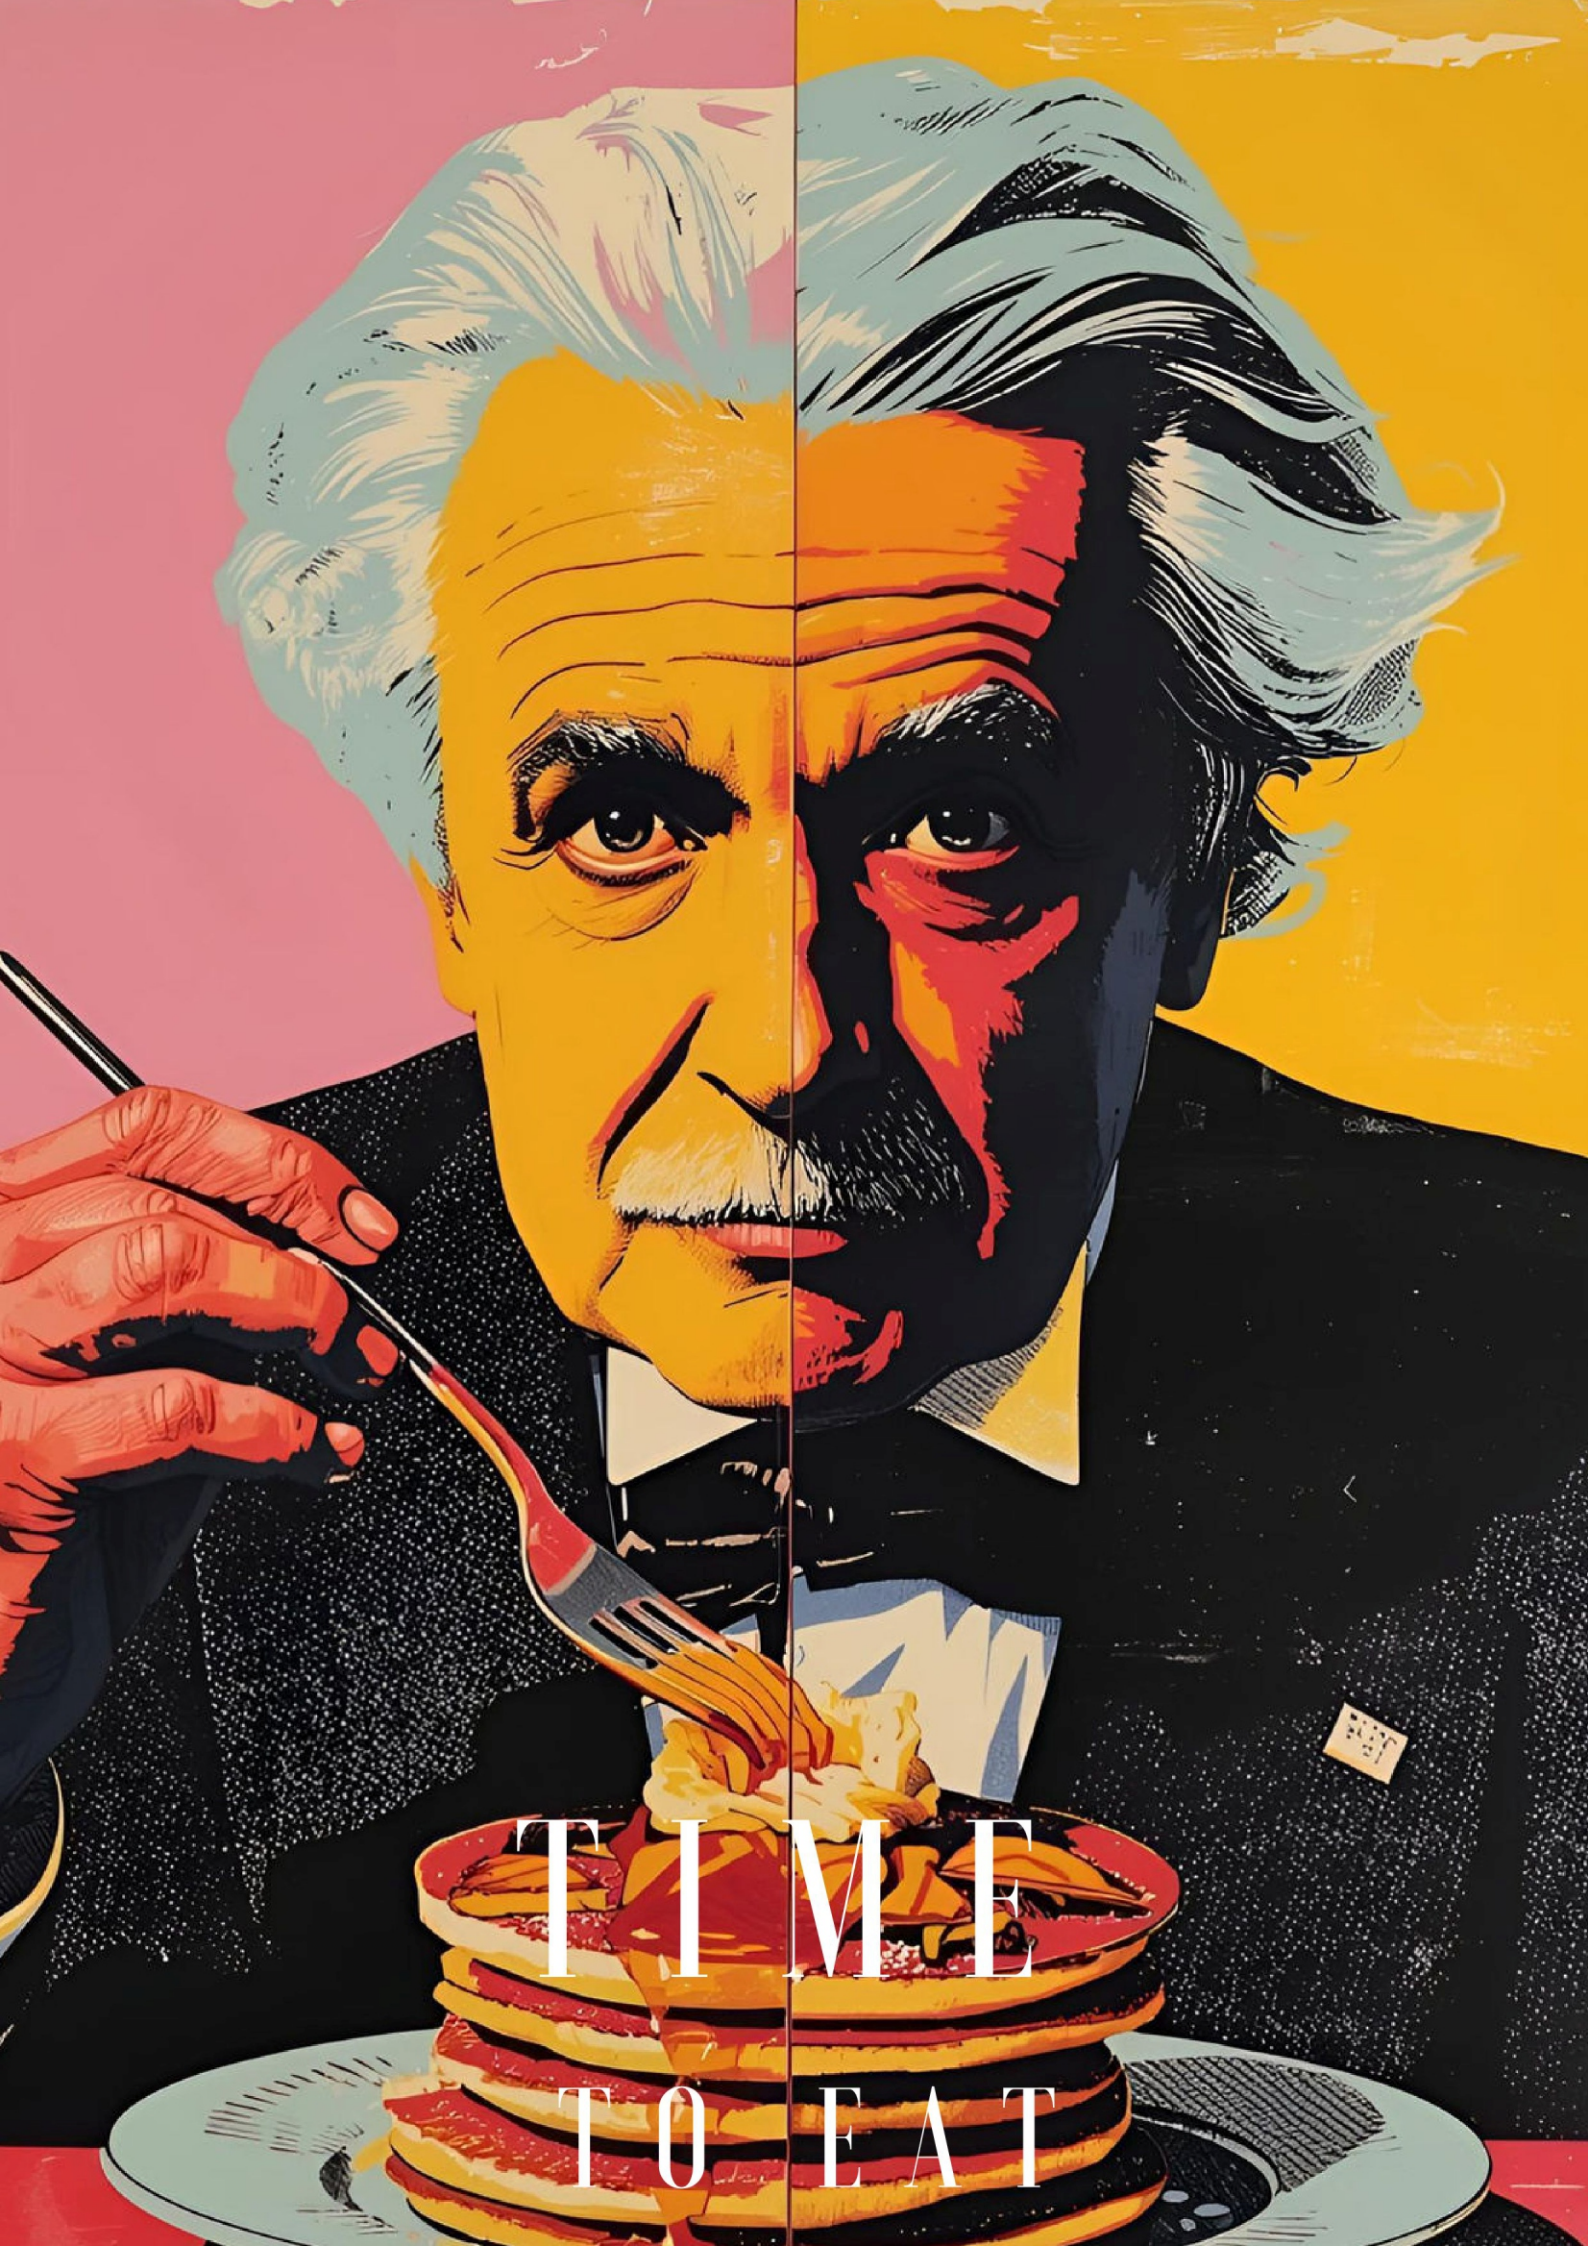

Building on a passion for culinary arts, a dedicated in-house bakery and pastry shop was opened in 2011, followed in 2015 by an exclusive gelateria, and in 2016 by a pizzeria that quickly won over the public. In 2018, we introduced an innovative concept to the city: the Chelsea Coffee Brunch, which rapidly became a local favourite for morning gatherings.

In 2024, as a tribute to our beloved Mrs. Violante, we launched the Mãe Violante restaurant, continuing the family tradition of flavour and hospitality. And in 2025, we rejuvenated the brunch concept by introducing Drunch – a unique experience that combines brunch with delicious tapas, served from 5:00 PM until midnight.

Chelsea is not just a restaurant; it is a story of love, resilience, and innovation that continues to be written every day.

We hope that our menu, which reflects this tradition and passion for great food, provides everyone with a truly memorable experience.

This is the moment when we come together to celebrate, share, and cherish each other's company. Here, where smiles and laughter intertwine with the aroma of fresh coffee and baking biscuits, we feel the true essence of life. The vibrant sound of the street at our doorstep adds a special touch to this iconic space in Faro, making it more than just a restaurant — it is a true sanctuary of moments and memories that bind us together.
